

Dear Parent,

Congratulations to you and your child! It gives us great pleasure to inform that your child Reeyansh H Shah has stood in the 95th percentile of all ASSET taking students across India and the UAE at his/her grade level. This means that your child has qualified for the 2016 - 2017 edition of the ASSET Talent Search - a program created to identify, acknowledge and support academically talented students.

The talent search will act as a platform for your child to discover his/her true potential and access various opportunities that facilitate the development of his/her inherent abilities.

In 2015-16, the ASSET Talent Search teamed up with leading gifted learning organisations to give talented students the best chance to develop their academic potential. Several other opportunities are being explored with prestigious universities from around the world for next year's program.

Listed here are the names of some of these organisations:

- Northwestern University's Center for Talent Development's (CTD) Gifted Learning Links (GLL) and Spectrum program
- National Society for the Gifted and Talented (NSG) Summer Institute for the Gifted (SIG) summer programs
- Purdue University's Gifted Education Resource Institute (GERI)
- Renzulli Creativity Program at the University of Connecticut, USA

To know more about the incredible possibilities lying ahead for your child, visit [www.si-india.com/talentsearch](http://www.si-india.com/talentsearch)

Should you have any further questions, please call our helpline number +91 955 8777 541(Mon - Fri, 9AM - 6PM).

Congratulations once again on this honour!

**Best Regards,**

Sindhu Rajagopalan
